

CLEARANCE OUTLET

“Cambridge SoundWorks may have the best value in the world.”

Welcome To The Cambridge SoundWorks Clearance Outlet...

As part of our 30-Day Total Satisfaction Guarantee we receive a small quantity of products back from our customers. Some of these items have been opened so we can't sell them as new. In some cases product is just discontinued or overstocked. We can sell them to you as "B-Stock" , "Open Box" and/or "Overstocked" at substantial discounts.

All or the Cambridge SoundWorks products in our Clearance Outlet that are considered "Open Box" or "B-Stock" have been fully tested, refurbished if necessary, and repackaged at our factories. There may be some minor cosmetic imperfections, but acoustically they are perfect - and for the most part are in "like new" condition. Overstocked and discontinued items can only be found in the Clearance Outlet. All products come with manufacturer supplied accessories (remote controls, cables) and are backed by our full Cambridge SoundWorks applicable manufacturer warranties.

Hurry! | Quantities are limited and products do change so check back often.

*Clearances prices apply to overstock and refurbished items posted in our “Clearance Outlet” only. Clearance pricing not valid on new items listed on the cambridgesoundworks.com main site. Prior sales excluded. All Cambridge SoundWorks products are backed by our full manufacturers warranty and 30 Day Satisfaction Guarantee. Customer is responsible for return shipping costs. Free shipping on orders \$75 & up only. Call 1-800-FOR-HIFI for more information.
